"I wanted to challenge the classic shape of a globe and see if I could give it a new character and function. It was important to create a lamp that gives a good light and is useful in many different spaces and contexts. Since the classic constellation globe inspires the floor lamp, I wanted it to be adjustable so that the user could change the light and expression of the lamp. The shape has a strong character, looking kind and a bit plastic, just like the artist."

Pendant in white acrylic with top in green, yellow, turquoise, grey or white colour. Floor lamp with base in powder coated metal. Bulb included.

	Article number	diameter mm	height mm	Bulb	Flex mm
Pendant	DOL36Pg DOL36Pw DOL36Py DOL36Pt DOL36Pgrey	globe 360	460	E27 led dimmable in 3 steps	1500
