Svenska traditioner & Svenskt hantverk

-”Merparten av vårt glas blåses på Bergdalahyttan som finns i vår närhet. Ett nära samarbete där allas kunskap tas tillvara och den mångåriga traditionen av glastillverkning i Småland får leva vidare. Något vi är väldigt stolta över.”

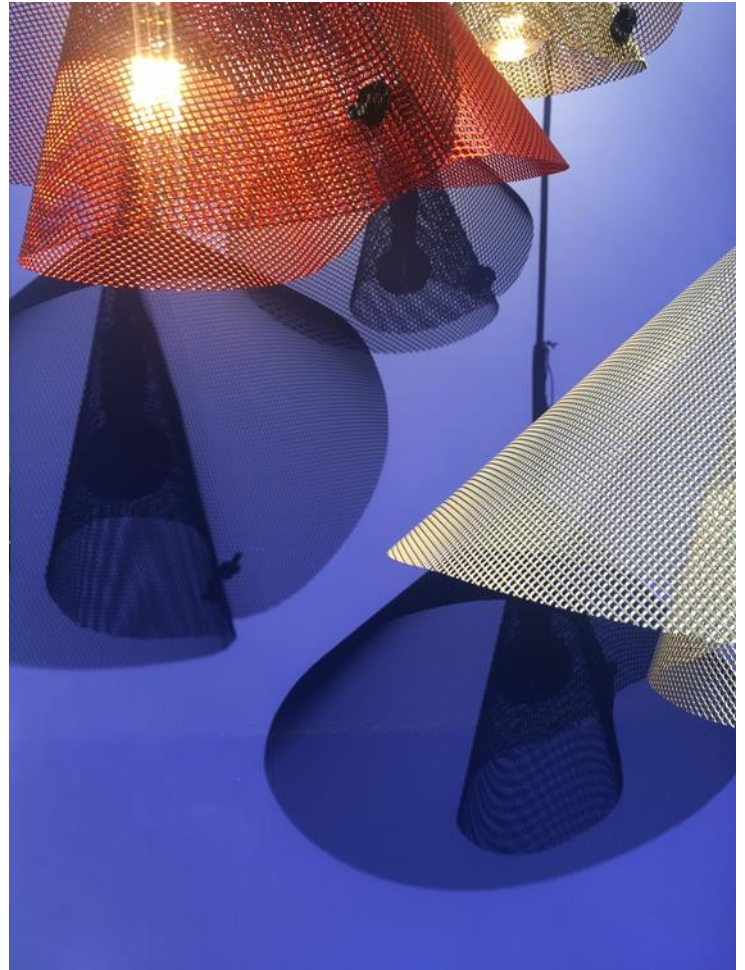

Bergdalahyttan

Reserdelar finns för att renovera och återanvända något vi har gjort sedan start 1993.
